A FEW SEASHORE LOTS

Situated in the Town of Charlestown,
R. L. fronting the Atlantic Ocean, on one of the best bathfils beaches in the state. These lots are fifty (50) feet frontage on ocean and one hundred fifty (150) feet deep. In the rear of these lots there is a salt water pond nine miles long, sandy bottom, easelent boating and fishing. The price of these lots is two hundred (\$200) doinars. Remember the prices that were in paid for lots at Pleasant View four years ago and the prices that are being paid now. These cottage sites that I am offering for only \$200 are on the same ocean, same beach, only a fow miles east of Pleasant View. Here is a chance to buy a seashore cottage site at a low figure and have it increase in value many fold in a year or two. Avail yourselves of this opportunity and don't be among those that will say (after they are all soid) I wish I on had bought one. Come and look these lots over and remember if you purchase one I pay your expenses for any distance not over 100 miles. Transportation from Westerly in auto. In vestigate.
